ELEVENTH ANNUAL REPORT.

IN presenting the Eleventh Annual Report of the Geelong Infirmary and Benevolent Asylum, the Committee of Management have great pleasure in informing the Governors and Subscribers that, in the goodness of Divine Providence, it has continued, during the past year to maintain its usefulness, and to be an invaluable source of relief to a large number of the sick and destitute of the town and district, whose misfortunes have rendered an appeal to the aid of charity necessary.

The Vital Statistics which will be published with this Report will shew the operations of the Institution during the year. But, as is customary, it may be here noted, that 831 In-patients and Inmates—765 in the Infirmary, and 66 in the Benevolent Asylum—and 1552 Out-patients, in all 2383 persons, have received the aid of the Institution during the year. Of the In-patients and Inmates, 605 were discharged cured or relieved from the Infirmary; and 11 left the Benevolent Asylum of their own accord. Eighty-one (81) died in the Infirmary; and sixteen (16) in the Benevolent Asylum; and on 31st December, one hundred and eighteen (118)—79 in the Infirmary and 39 in the Benevolent Asylum, remained in the Institution. With reference to the treatment of Out-patients correct Statistics cannot be given, as not one-third of such patients report themselves after discontinuing to attend for advice.

The number of deaths has been greater than it was in 1861, but the per centage of deaths is below the average of years previous to that.

The Committee find that the most unusual number of 16 inquests, where death has resulted from accident, have been held; and beyond this 16 died from old age and decay of nature; 7 from Consumption; and 10 from Disease of the heart. The daily average of In-patients has been 123; and of Out-patients 63.

Patients reported themselves as belonging to the following religious

denominations:—Church of England, 263; Roman Catholic, 196; Presbyterian, 83; Wesleyan, 34; Jews, 5; Baptists, 4; Lutherans, 3; Calvinists, 8; Congregational, 3; Mahomedan, 1; and 105 professed no religion.

The Treasurer's Books and Vouchers, which have been duly audited by the auditors appointed at the last Annual Meeting, shew that the receipts, including the balance from previous year, have been £7,380 16s. 11d.; and the expenditure £6,731 14s. 9d., leaving a balance in hand of £649 2s. 2d. An Abstract of the Accounts and detailed Statement of Expenditure will be read. With reference to the Expenditure the Committee find that the average cost of each patient is nearly the same as it was last year: and they have reason to believe that this will bear favourable comparison with the expenditure of any other Institution of the kind.

In the expenditure is included sums of £1,129 5s. 9d. for New Buildings, and £92 5s. 6d. for Alterations. The overcrowded state of the wards for females, and the inconvenience, and perhaps in many cases, injury, to which Out-patients, and Patients waiting to be admitted, were exposed by having to remain in the passages and corridors until called, rendered some additions and alterations necessary; and a considerable balance being in hand from the previous year, the Committee felt justified in incurring the expenditure referred to. Tenders were advertised for and contracts taken, and another storey was added to the late kitchen and laundry building, and three rooms (a convalescent patients dining and sitting-room, a bed-room for female servants, and a drying and clothes room), were secured. A New Ward and Lavatory was added to the east wing, and a dining and sitting-room for domestics was added to the west wing of the building. These were constructed so that they may be built upon at any future time. The ward that has been hitherto used as a female servants room has been converted into a ward for Benevolent Asylum females, and the room used as a domestic's dining and sitting-room made a waiting room for Patients waiting to be admitted, and for Out-patients. By these additions and re-arrange-

ments the several wards are devoted to the purposes for which they were originally intended.

It is considered unnecessary to refer to Special Contributions, lists of which will be published; but the Committee desire to express their thanks for the manner in which subscribers and donors have strengthened their hands, and enabled them to maintain the usefulness and increase the efficiency of the Institution. The Committee have endeavoured to perform their duties in a manner which would meet with the approbation of those who entrusted them with the management of the Institution. They have been strictly careful to manage in accordance with the rules laid down for their guidance, and they trust they have succeeded.

With regard to the management, the Commissioners appointed by the Government to inquire into the the working of Municipal and Charitable Institutions have visited this Institution, and minutely enquired into every feature of its management. They expressed themselves satisfied with the fulness and completeness of the information, both verbally and in writing, which they had received, and their views on the management of the Institution will doubtless be recorded in their Report to the Government.

The thanks of the Subscribers are justly due to Drs. Foster Shaw and E. J. Walsh, whose services as Honorary Medical Officers have been freely and assiduously rendered. The Committee very highly appreciate the services rendered by these gentlemen, and desire to take this opportunity of acknowledging the value of their aid. Their interest in the welfare and prosperity of the Institution being undiminished they again offer their services for its benefit.

It would be tedious to enter here into more minute details of the working of the Institution. The Committee earnestly invite Subscribers to visit it, and examine and judge for themselves as to its value and efficiency, and in conclusion they most sincerely express their hope that the Institution may continue to prosper as it has done during the past year.

21st January, 1863.
