TWELFTH ANNUAL REPORT.

In reviewing the operations of the Institution during the past year, the Committee of Management of the Geelong Infirmary and Benevolent Asylum cannot but congratulate the Subscribers on the success which, under God's blessing, has attended them. The Institution, during the year, has continued to render effective aid in ameliorating the condition of the sick and destitute; and the Committee are proud to be able to report so favorably.

From the Vital Statistics, the following particulars are taken. At the end of 1862, 118 persons—79 in the Infirmary and 39 in the Benevolent Asylum—remained in the Institution. During the past year, 590 have been admitted to the Infirmary and 36 to the Benevolent Asylum; making 744 persons who have been inmates of the Institution during 1863. Of this number, 44 died in the Infirmary; 551 were discharged cured or relieved; and 64 remained at the close of the year. 8 died in the Benevolent Asylum; 17 left of their own accord; and 50 remained. 1,648 out-patients were treated during the year, 85 of whom remained on the books at the end of the year. Thus 2,422 persons have received the aid of the Institution during the past year.

The daily average number of inmates has been 120·1.

It is with pleasure that the Committee state that the death rate is less for the past year than for any previous year. This will be seen by reference to the List of Diseases and Result of Treatment.

Of the more prevailing diseases there have been :—Rheumatism, 70 cases ; Consumption, 22 ; Ophthalmia, 33 ; Disease of Heart, 21 ; Paralysis, 14 ; Bronchitis, 7, &c. ; and there has been 34 cases of Fracture, 26 of Contusion, and 25 of Gunshot and other Wounds.

Of the 590 persons admitted to the Infirmary, 149 were females, and 441 males, the native countries of whom were—England, 219 ; Ireland, 216 ; Scotland, 63 ; Switzerland, 15 ; Wales, 7 ; Tasmania, 5 ; Denmark, 5 ; New Zealand, 5 ; Germany, 3 ; United States, 3 ; China, 3 ; Sweden, 3 ; Prussia, 3 ; Canada, 2 ; Poland, 1 ; Holland, 1 ; Spain, 1 ; France, 1 ; Austria, 1 ; Channel Islands, 1 ; East Indies, 1 ; Dominica, 1 ; Italy, 1 ; Bermuda, 1 ; New South Wales, 1 ; South Australia, 1 ; and 6 were not known.

The different sects were :—Church of England, 261 ; Roman Catholic, 157 ; Presbyterian, 68 ; Wesleyan, 21 ; Lutheran, 16 ; Calvinists, 6 ; Baptists, 4 ; Jews, 3 ; Congregationalists, 2 ; Budists, 3 ; Bible Christian, 1 ; Moravian, 1 ; and there were 9 of no religion, and the remainder not known.

The Receipts have been £6,488 13s. 5d. ; and the Expenditure, £5,424 18s. 11d. A shipment of drugs came to hand at the end of the year, and sundry contracts for clothes were also taken in December. This will explain an apparent increase in these particulars. The average cost of each patient has been less than in the previous year. The Committee have to thank the Contributors for their liberal support, and particularly those Congregations who responded to an appeal to enable them, at the close of the year, to make up the sum required to claim the Government Grant.

It has been found necessary to do certain painting and repairs to the Institution, and to call for tenders for the erection of a building which will be at once a shelter for the patients and useful for other purposes, and which will serve to collect rain water. A considerable sum has hitherto been paid annually for water, and it is hoped this expense may be avoided.

While referring to the Finances, the Committee deem it appropriate to refer to the death of the late Treasurer, John Sleath Hill, Esq., who held the office of Treasurer for eleven

years Mr. Hill was also a Trustee of the Institution, and Chairman of the House Committee, from whose meetings he was scarcely ever absent. Mr. Hill was a firm friend of the Institution, always taking the greatest interest in its success, and ever solicitous for the comfort and well-being of the patients. His loss is deeply felt, and his death greatly deplored, by all connected with the Institution.

The Committee have again to offer their thanks to Messrs. Foster Shaw and Walshe, whose services as Honorary Medical Officers have been willingly and continuously rendered. Messrs. Shaw and Walshe are eligible for re-election. Dr. Baylie also volunteered his services, which were thankfully accepted by the Committee.

In the month of September last, it came to the knowledge of the House Committee that complaints made by patients to visitors had not been communicated to any of the Officers of the Institution, nor to any member of the Committee, but had been privately circulated outside, to the detriment of the Institution. They, therefore, directed that the attention of visitors should be drawn to the regulation which requests them to sign their name in the Visitors' Book, and invites them to make remarks therein. The Resident Surgeon also complained that the conduct of the visitors referred to caused annoyance and ill-will among the patients and servants of the Institution, and was destructive of order and discipline. He, therefore, asked the authority of the House Committee to enforce more rigidly the regulation as to visitors. The House Committee, finding the Rules sufficient to meet the requirements of the case, did not see cause to interfere, but intimated to the Resident Surgeon that it was not only his right, but his duty, to maintain the efficiency of the Institution, by a judicious enforcement of the Rules. On the Resident Surgeon acting in accordance with that intimation, several of the ladies who had been in the habit of visiting left off attending the Institution—a result which was quite unforeseen by the House Committee, and deeply deplored by them.

Subsequently, it was ascertained that a document, containing among other statements injurious to the Institution, charges of

immorality against certain of the Officers, had been prepared by one of the inmates of the Benevolent Asylum, and given to one of the lady visitors, and was shown to several clergymen of the town. The Secretary took steps to secure possession of this document; and, on the same being placed before the House Committee, it was determined that a searching investigation into the truth of the charges should be made. This was done; and the evidence showed that there were no grounds for the imputation of immorality. This decision was confirmed by the General Committee, by whom the whole of the evidence was reconsidered. In the course of the examination, however, the Committee ascertained that the House Steward, the Matron, and the Head Nurse, had not been performing their duties with sufficient firmness, and with sufficient courtesy towards each other; and it was considered requisite that they should be cautioned in regard to the discharge of their duties in future, which was accordingly done.

The Committee, in concluding their labors for the year, are rejoiced to have it in their power to report that the internal management of the Institution is in a state of great efficiency; and they hope that it will continue to increase in usefulness during the year that is begun.
