THIRTEENTH ANNUAL REPORT

OF THE

COMMITTEE OF MANAGEMENT

OF THE

Geelong Infirmary and Benevolent Asylum,

For the Year 1864.

In presenting the Thirteenth Annual Record of the Operations of the Geelong Infirmary and Benevolent Asylum, the Committee of Management desire to specially note the following particulars:—

During the past year the Institution has afforded relief to 685 in-patients, 94 inmates of the Benevolent Asylum, and 2110 out-patients: in all 2889 persons. Of the in-patients, 568 were discharged cured, or relieved, 45 died, and 72 remained in the Institution at the end of the year; 36 left the Benevolent Asylum, 5 died, and 53 remained, making 124 who remained in the House at the end of the year. The daily average number of patients and inmates has been 125.

Many deaths have occurred within a few hours after the admission of the patients; but, notwithstanding this, the Committee are glad to be able to report that a less number of deaths has to be recorded than in any previous year, although there has been an increase in the number of patients. Bearing in mind the fact that consumption and other incurable diseases are admitted, and cannot be transferred to any other Institution, the average rate of mortality may be considered very favorable. Last year the average was less than that of any other similar Institution in the colony.

Of those admitted to the House during the year, 277 were of the Church of England, 126 Roman Catholics, 85 Presbyterians, 31 Wesleyans, 12 Lutherans, 4 Baptists, 6 Calvinists, 1 Quaker, and 1 Jew. It is not known to what persuasion the remainder belonged. 241 were natives of England, 211 of Ireland, 65 of Scotland, 59 of Victoria, 11 of Wales, 9 of Switzerland, 7 of Tasmania, 3 of Sweden, 5 of France, 2 of Jersey, 2 of Jamaica, 4 of Denmark, 3 of Schleswig Holstien, 2 of South Australia, 5 of New South Wales, 2 India, 1 Norway, 1 China, 1 Guernsey, 2 Germany, 1 New Brunswick, 2 Holland, 1 Isle of Man, 1 United States, and the remainder are not known.

The receipts from all sources have been £6778 4s. 5d., and the expenditure £6020 15s. 9d; leaving a balance in hand of £755 8s. 8d. But for an expenditure of £678 13s. 10d. on the erection of the new building, recommended in the last report, the expenditure would have been less than in 1863.

The erection of the new building referred to was completed some time since, and it will be found to be of most important service. It has been determined to erect a proper Bath-room and appurtenances, which will absorb about £360 of the balance in hand. Estimates and plans have been agreed to, and instructions to call for tenders given.

With a view to increase the usefulness of the Institution, and to make relief more easily obtainable by the sick and destitute, the Committee have had the Rules under consideration, and suggest alterations in the 6th and 29th; the adoption or rejection of which will form a part of the business of the Annual Meeting.

In closing their Report, the Committee desire to acknowledge, with thankfulness to God, the large amount of public support which the Institution has enjoyed during the past year; and also to express their high satisfaction with the attention and zeal displayed by the various officers of the establishment.
