# FOURTEENTH ANNUAL REPORT

OF THE

## COMMITTEE OF MANAGEMENT

OF THE

### Geelong Infirmary and Benevolent Asylum.

~~~~~

HUMBLY acknowledging the goodness and mercy of Almighty God, whose blessing has been besought on their labours, the Committee of Management present the Fourteenth Annual Report with much thankfulness, for although sickness and destitution have increased during the past year, they have reason to congratulate the Subscribers on the effective aid rendered by the Institution in providing for the requirements of the district.

The number of persons who have obtained the aid of the Institution during the year is 2,651—821 inside the House, and 1,830 Out-patients. Of the In-patients, 591 were discharged cured, 67 died, and 76 remained at the end of the year. Of the inmates of the Benevolent Asylum, 22 left, 13 died, and 52 remained. 128 remained in the House on 31st December, 1865, viz. : 76 patients and 52 inmates. The daily average number in the House has been 134. In 1864 the daily average was 125.

Of the inmates and patients admitted to the House during the year, 239 were from England, 198 from Ireland, 87 from Scotland, 70 Natives of Victoria, 14 from Switzerland, 6 from America, 6 from Wales, 5 from New South Wales, 4 from Tasmania, 4 from Prussia, 2 from Norway, 1 from Corsica, 1 from Sweden, 1 from France, 1 from Cape of Good Hope,

1 from Schleswig, 1 from Denmark, 1 from Jamaica, 1 from Nova Scotia, 2 from St. Helena, 1 from Nassau, 1 from Portugal, 4 from Holland, 1 from Sicily, 1 from Calcutta, 1 Aboriginal Native, and the remainder unknown.

Of the above—254 were Episcopalians, 226 Roman Catholics, 87 Presbyterians, 19 Lutherans, 36 Wesleyans, 6 Independents, 4 Calvinists, 6 Baptists, 2 Bible Christians, 2 Jews, 1 Mohamedan—and of the remainder, the necessary information could not be obtained.

It will be observed that the daily average number of persons in the House has greatly increased. There have been as many as 153 in the House at one time, (at this date there are 153 in the House), and this number is so much beyond what medical report and experience have decided should be what the present building can properly accommodate, (the Resident Surgeon also having reported on the danger of overcrowding the wards,) that the Committee, unwilling to stop admissions, determined to make an effort to get the accommodation increased by extending the building. Plans were agreed to, estimates obtained for building two large wards, and an appeal, by deputation, was made to the Government that a portion of the amount voted by the Legislative Assembly on account of Charitable Institutions for building purposes, should be granted to this Institution. The Hon. the Treasurer, on behalf of the Government, acknowledged the urgency of the matter, and promised that a portion of the Grant should be appropriated to this Institution. Owing, however, to the circumstances which have arisen in the Government, no sum has yet been obtained, and the Committee have been unable to proceed with the work. But it is hoped that ere long the required amount will be secured, and confidently appealing to the public for the necessary subscriptions to claim the grant, the execution of the work is earnestly recommended.

The Receipts from all sources have been £5,789 18s. 10d. ; and the Expenditure, £5,847 17s. 2d. ; leaving a balance against the Institution of £57 18s. 4d. This, together with

£420 for Subscriptions for building, and in advance for 1866, would make an apparent deficiency of £477 18s. 4d. But, as at the end of the year, a portion of the Grant-in-aid (which has since been received,) more than sufficient to meet this was due from the Government, there is really a small balance in favour of the Institution.

As the Subscribers are aware there has been a considerable increase in the cost of the main articles of provision, &c., during the past year, the gross expenditure has consequently increased in proportion, and unless this is borne in mind might appear unduly large. The expenditure also includes the payment of £354 for the erection of new Bath Room and appurtenances, which have been completed during the year, and were referred to in the last Report.

The usual statistical information will accompany this Report, and the Committee believe that the Subscribers cannot but be satisfied with the results of the operations of the Institution during the year. To the Honorary Medical Officers, Messrs. Shaw and Walshe, the Committee express their thankfulness for their kindness and attention.

The Committee feel that they cannot close their Report with propriety without expressing their high satisfaction at the industry and attentive zeal displayed by the several paid officers of the Institution in the discharge of their duties.

23rd January, 1866.
