# FIFTEENTH ANNUAL REPORT

OF THE

## Geelong Infirmary and Benevolent Asylum,

1866.

---

THE term of their appointment having expired, the Committee of Management of the Geelong Infirmary and Benevolent Asylum, in accordance with the rule, present a report of their proceedings for the past year; and have great pleasure in meeting the Subscribers to do so, as they can refer with much satisfaction to the success which, under God's blessing, has attended the operations of the Institution during the year.

As was anticipated in the last Annual Report, there has been a considerable increase in the number of Patients and Inmates during the year. The daily average number increased from 134 in 1865, to 155 in 1866. The daily average number of Out-patients has remained about the same as it was. 905 In-patients and Inmates, and 1682 Out-patients have received the benefits of the Institution during the year. Of the 793 In-patients treated, 637 were discharged cured or relieved, 65 died, and 91 remained at the end of the year. Of the 112 Inmates of the Benevolent Asylum, 8 died, 40 were discharged or left of their own accord, and 65 remained. It will be observed that the number of Inmates of the Benevolent Asylum has increased from 87 in 1865, to 112 during the past year; and that the number remaining is much larger than it was. This was expected; and the number is likely to increase still more for a time. There are now 155 persons in the House.

Of the In-patients admitted, 269 were Natives of England; 210, Ireland; 77, Scotland; 89, Victoria; 15, Switzerland; 12, Germany; 1, Hanover; 2, Nova Scotia; 1, Newfoundland; 3, Tasmania; 3, America; 3, India; 2, China; 1, Schleswig; 3, Denmark; 2, Aboriginal; and the remainder unknown.

There were admitted, 304 Episcopalians; 215, Roman Catholics; 75, Presbyterians; 51, Wesleyans; 11, Baptists; 3, Independents; 19, Lutherans; 3, Calvinists; 3, no religion; and the remainder unknown.

The principal cases treated have been Fractures, 50; Contusions, 44; Wounds, 38; Rheumatism, 92; Consumption, 37; Bronchitis, 24; Ophthalmia, 27; Disease of Heart, 22; Pneumonia, 15; Cancer, 15; Simple Fever, 14; Ulcer, 20; Burns, 11; Hydatid, 7; Delirium Tremens, 8; Phlegmon, 22; Paralysis, 27; Stricture of Urethra, 15; Dislocation, 5; and so on, as per list attached.

The Receipts from all sources have been £8734 8s. 1d., and the payments £8080 15s. 11d., leaving an apparent balance of £653 12s. 2d.—An apparent balance, because there are liabilities on uncompleted contracts in connection with the building amounting to nearly the whole of the balance in hand. Of the amount expended, £1618 3s. 7d. has been in connection with new buildings and alterations, to meet the necessity for increased accommodation. The Committee have exercised a vigilant and careful supervision over the expenditure; and they take credit to themselves for a successful result. On the average of the year, some of the principal necessities have been, as is well known, at an unusually high rate, which has prevented the average cost per head for maintenance being much reduced, but there is still a favorable result.

At the beginning of the year the Committee were compelled to make arrangements to relieve the overcrowding of the main building, by the construction of a temporary ward under the shed at the rear; and this having been done, efforts were made to get a suitable grant from the Government for the erection of additional buildings. Finally a grant of £1200 was obtained; and although the Committee did not get quite as much as they could have wished, they have, on the whole, reason to be satisfied with the action of the Government in the matter. Great assistance in urging the claims of the Institution was given by the Members of the district, particularly by Messrs. Richardson and Cunningham.

But the £1200 grant was conditional on a certain amount of private contributions being given, and the Committee had, therefore, to make a special appeal to the public. This appeal was met by a most liberal, warm, and gratifying response; and any trouble and anxiety the Committee had was amply compensated for by the way in which contributions were so freely made. A sum of £1049 3s. 4d. was collected, and the Committee were thereby enabled to complete the splendid ward in which the Annual Meeting will be held; and which will give accommodation to 50 inmates. The Town Collections were made by the Committee; and numerous friends of the Institution undertook the Country Collections. The Committee warmly thank those friends, and also the Contributors in Town and Country, for the warm interest evinced by them in the success and prosperity of the Institution.

It is gratifying to note, also, that the subscriptions for maintenance have increased, which, indeed, was and will be necessary, in consequence of the increased number of Patients. The Committee point with great pride to the usual and special Subscription Lists attached.

The usual Financial Statement and Statistical Information will accompany this Report; and the Committee hope that the operations of the year will be viewed with as much satisfaction by the Subscribers as they have been by themselves.

Drs. Shaw and Walshe have again rendered efficient service as Honorary Medical Officers, and the Committee beg to tender them their warm thanks for their liberal assistance.

In concluding, it is due to Mr. Reid, the Resident Surgeon, to state that in his department the Institution has fully maintained the reputation of being one of the most successful of the kind in the Colony. Moreover, the Committee desire to express their sense of satisfaction at the way the Secretary, Mr. Middlemiss, has continued to discharge his duties during the year, which has made unusual demands on his zeal and assiduity.

22nd January, 1867.
