SEVENTEENTH ANNUAL REPORT

OF THE

COMMITTEE OF MANAGEMENT

OF THE

Geelong Infirmary and Benevolent Asylum,

1868.

By way of report on the operations of the Institution for the past year, the Committee deem it unnecessary to do more than refer to the statistics which follow, which bear ample testimony to the great benefits rendered by the Institution, under the good providence of Almighty God, during the year.

Two thousand seven hundred and sixty-two persons have received the benefits of the institution during the year, viz. :—

| | |
|---------------------|--------|
| In-Patients | 849 |
| Inmates | 122 |
| | — 971 |
| Out-Patients | 1791 |
| | — 2762 |

An increase of 42 in-patients and 161 out-patients. 741 were discharged cured or relieved, 65 died, and 159 remained in the House on 31st December, 1868.

The average rate per cent. of deaths being under seven is a gratifying record.

The daily average number of patients in the House has been 157.

The principal cases treated were—Rheumatism, 87; Fracture, 53; Consumption, 49; Ophthalmia, 38; Bronchitis, 22; Cancer, 25; Contusions, 31; Debility and old age, 26; Abscess, 12;

Fever, 28; Stricture, 11; Sprain, 15; Tumor, 9; Wounds, 32; Paralysis, 19; Disease of Heart, 11; Pleurisy, 23; Pneumonia, 9; and so on, as per list attached. Operations have been numerous, and some of them of a very serious nature. The results have been most satisfactory. The Committee, however, regret to state that for the first time for eleven years a death occurred from the inhalation of chloroform, preparatory to an operation being performed.

The Committee regret to have again to report that numerous cases continue to be sent from other districts; and, unfortunately, they are generally very urgent; so that, for humanity's sake, it is almost impossible to refuse admission. It is pleasing to know that the fame of the Institution, as a curative establishment, continues; but it should not be expected to take more than a fair share of cases from other districts; and this is entirely in the hands of the Subscribers who recommend for admission.

Of the patients, 336 were of the Church of England, 273 Roman Catholics, 109 Presbyterians, 111 Wesleyans, 25 Lutherans, 13 Baptists, 9 Congregationalists, 4 Jews, 2 Chinese, and the others unknown.

There were 300 natives of England, 243 of Ireland, 123 of Victoria, 96 of Scotland, 11 of Germany, 5 of Prussia, 6 of Wales, 5 of New South Wales, 9 of Switzerland, 3 of India, 2 of China, 2 of Denmark, 3 of America, 2 of Tasmania, 2 of New Zealand, 3 of France, 2 of Italy, 1 of Norway, 3 of Sweden, 1 of Austria, 1 of Mauritius, and others unknown.

The Subscription List is larger than usual; and, notwithstanding the expenditure has been large, in consequence of so much having been left undone in 1867, because of the non-receipt of the Government Grant at the usual time, the debit balance against the Institution does not exceed £100. The balance appears to be £1,574, but there is a sum due from the Government on account of the year of £1,500. The Financial Statement is appended.

A new Morgue has been erected, and many other necessary improvements effected.

The Committee have, by visitation and vigilant examination of every feature of the management throughout the year, endeavoured to discharge the duty entrusted to them in a satisfactory manner; and they think they may unhesitatingly refer to the general results, which cannot but meet with the approval of the Subscribers.

Drs. Shaw, Mackin, and Walshe have continued to afford valuable assistance as Honorary Medical Officers. They retire in accordance with the Rules, and offer themselves for re-election.

The paid Staff of the Institution have continued to perform their respective duties in a manner which merits the approbation of the Committee and the Subscribers.
