The FORTY-THIRD ANNUAL REPORT of the
General Committee of Management.

TO THE GOVERNORS AND SUBSCRIBERS.

LADIES AND GENTLEMEN,—The wise man said:—"Of making many books there is no end," and so long as an Institution exists there must inevitably be an Annual Report.

Your Committee feels that with it rests the responsibility of faithfully reporting to you on the work of the past year in all its aspects, and does not consider it sufficient to merely present to you a Balance Sheet showing that certain sums of money have been received and expended, and that the bank overdraft at the close of the financial year was such or such an amount. Your Committee, on the contrary, wishes to take you behind the scenes and let you see for yourselves the work that has been done, is being done, and that it is hoped that you will enable it, in the interests of the community, to do in the future.

Following this will be found a full statement of all matters that it is considered necessary to lay before you, and your Committee hopes that the fulness of the details will cause an increased amount of support to be given to the Institution.

During the year ended June 30th, 2683 cases have received relief. Full particulars are given in the following tables:—

The daily average in the House has been 165·1.

The average rate of mortality has been 9·1 per cent. for all cases, and 9·2 for Hospital In-door Patients.

The total number remaining in the House on the 30th June, 1895, was 169.

The Religious Denominations and Birth-places of those treated in the Institution during the year have been as follows:—

RELIGIOUS DENOMINATIONS.	BIRTH-PLACES.

INCOME AND EXPENDITURE.

From the Balance Sheet (duly audited) it will be seen that the total receipts for maintenance were £5623 3s. 8d. This, however, includes the sum of £450 given by Mrs. Aubrey Bowen for the express purpose of building new operating room and isolation wards. The net amount available for maintenance therefore was £5173 3s. 8d. The total expenditure, under the heading of maintenance, amounted to £5384 12s. 3d. Thus the year's income for this purpose falls short of the expenditure by £211 8s. 7d.

The Bank Overdraft on June 30th, 1895, was £529 10s. 4d., being an increase of £201 12s. 8d. on that with which the financial year opened.

Your Committee has in the past year carried out substantial repairs and improvements which fully represent the increased amount of the overdraft. Moreover 20 extra beds have had to be maintained in the Benevolent Asylum.

ENDOWMENT AND RESERVE FUND.

This remains the same as at the commencement of the financial year, viz. :—£6554 0s. 11d., as no legacies over £50 have been received.

The amount of interest has, owing to the reduction of the Bank rate on fixed deposits, been £36 6s. 7d. less than for the year 1893-94, and will be still less for the year just entered upon, as the present rate is only £3 per centum per annum.

Your Committee has under consideration the enlarging of the scope of investment of this fund, and it is proposed to alter the Bye-Law referring to the matter at the Annual Meeting of Subscribers, so as to give it power to invest not only in Government Debentures, but also in those of the Metropolitan Board of Works, and approved Municipal Debentures of the Colony of Victoria. It will be for the subscribers to sanction the proposed alteration or not.

						<u>£5153 16 5</u>

Daily average, 165·1 In-door Patients.

Annual average cost, £31 4s. 4d. per head.

This amount is £1 4s. 8d. per head less than in the previous year, and on a daily average of 165·1 patients means a total saving effected of over £200 per annum.

CHARGE FOR DRUGS TO OUT-PATIENTS.

This has now been in force three years, and has brought in £57 1s.; £65 9s.; and £78 14s. Although, however, a larger amount has been received during the past year than previously, a smaller percentage of patients have paid the fee charged for medicine.

The following tables will show that in 1892-93 out of every 100 persons who attended, 56 paid for their medicine, in 1893-94, 52 out of every 100 paid, and in 1894-95, only 47 out of 100 paid.

	1892-93	1893-94	1894-95
Number of Out-Patients -	1232	1449	1930
„ Attendances -	4057	4994	6694
„ Tickets sold -	2282	2618	3148
„ Exempted -	1775	2376	3546

Every care has been taken not to make the charge press hardly upon the genuine poor, but for those who can afford it, the charge acts wholesomely as it maintains their self-respect and does not pauperise them by undermining their self-reliance.

IMPROVEMENTS, &c.

Since the issue of the last Report much has been done in the nature of improvements.

The floor of No. 1 (the male surgical ward) has been re-laid.

The floors of Wards 2—7 are now in course of re-laying.

The painter has been kept constantly employed, and all the Hospital Wards have been carefully painted throughout.

Part of Ward 7 upstairs was taken away and formed into an excellent bath room and lavatory, and the old bath room was abolished, thereby leaving more room for pantry purposes.

The Dining Rooms for the Benevolent Asylum which were opened at Xmas, 1893, were painted inside last summer.

The West Balcony is now being re-floored, and the flooring of the East Balcony is being repaired.

The coping of the portico was in a dangerous condition, and has been replaced by brick in cement.

Much other work has been done at considerable expense, but your Committee is of opinion that the cheapest way to carry on a public institution is to maintain it in a state of efficiency.

INSPECTOR OF CHARITIES' REPORT.

Mr. W. G. Brett visited the Institution on behalf of the Government on May 16th last, and in his report furnished to the Hon. the Treasurer of the Colony, he says:—

“It is a gratifying feature of the receipts that the payments received from patients have steadily increased from £258 1s 8d in 1890-91 to £557 2s 6d in 1893-94, and the beneficial results of enquiry before giving charitable relief are sufficient to indicate what may be accomplished in this direction if the whole of the charitable system was placed on a proper footing.

The Improvements made during the year have been of a substantial character, and while too numerous to mention, are all satisfactory and calculated to promote the efficiency and usefulness of the Institution.

Amongst the works now in progress, are a new operating room and two isolation wards, kitchen, etc., which will be found a valuable addition to the Hospital.

Old floors require to be removed in some of the Wards, &c.

The books and accounts for the year 1893-94 were audited by the Auditors and certified as being correct; I checked the statement of receipts and expenditure with the summaries and found it correct, also the Bank pass book.

There has been a progressive improvement in this Institution, which I found clean and orderly, and the inmates well cared for, at the same time, the admission of inmates is exercised with judgment and discrimination."

These remarks are considered by your Committee to be highly satisfactory.

The "progressive improvement" in the Institution, referred to in the last clause of the Report, has only been obtained by a considerable outlay of money, and this has been met partly by drawing upon the Reserve Fund, and partly, as may be seen by reference to the Balance Sheet, by an increasing of the Bank Overdraft.

Your Committee hopes, that in consideration of the improvements that have been made, the public will be led to more liberally contribute during the ensuing year to the Hospital coffers, and so enable it to wipe off and not increase the existing overdraft.

NEW BUILDINGS.

During the past year your Committee had again brought under its notice the necessity of building a new operating room and two isolation wards for the reception of cases immediately after severe operations.

The fact that the old operating room was thoroughly out of date was readily admitted, and it then remained merely a question of ways and means. Owing to this the matter was delayed for several months, but finally it was resolved to proceed with the work.

Tenders were called for and accepted, the amount being about £450.

Your Secretary (Mr. Alliott Hopkins) subsequently interviewed Mrs Aubrey Bowen, of Melbourne, with the result that she very generously donated the whole amount required,

viz., £450 out of the £20,000 left to her in trust by her husband, the late Dr. Aubrey Bowen, of Melbourne, for distribution amongst such Victorian Charities as she thought fit.

In recognition of Mrs Bowen's liberality your Committee appointed her a Life Governor, and by her permission the new buildings will be called the "Aubrey Bowen Ward"; and a marble tablet will be fixed in the new operating room, perpetuating the memory of the deceased surgeon.

The cost of furnishing the new buildings, including new operating table, air-tight instrument cases, &c., up to the amount of £100, has been very kindly met by Mrs Silas Harding, late of Geelong, but now of Toorak.

The thanks of the subscribers, and indeed of all those interested in the Hospital, are due to these ladies for the liberality which will enable your Committee to open this handsome and useful addition to your buildings free of debt.

Re GRANTS FROM MUNICIPAL BODIES.

In the absence of the promised Bill to amend the present Charities Act this matter is still in a most unsatisfactory state. The Town Council of Geelong, although several applications have been made to it, still stolidly refuses to recognize any responsibility in the matter of providing for the poor and sick within its boundaries.

The Council represents the rate-payers, and seeing that only about 10 per centum of these contributes directly to the local Charities, it is the business of the Municipal Body to act on behalf of these non-charitable rate-payers by contributing on their behalf out of the rates collected from them.

At the present time the charitable few are apparently expected to do the work on behalf of themselves and the uncharitable many.

As regards the other Municipal Bodies in the district from which patients are drawn, some contribute a fair donation to the Hospital, but all provide most inadequately, as may be

seen from the table on page 23, which shows the amounts received from the Councils during the year 1894-95, for the number treated at the expense of the Institution.

It is to be sincerely hoped that the present Government will, at an early date, introduce some measure into Parliament providing for the better maintenance of the Charitable Institutions of the Colony.

Re CASES OF INFECTIOUS DISEASE.

This matter has been lately brought very prominently under the notice of your Committee.

Under the existing Bye-Laws "no person suffering from any infectious or contagious disease" is admissible. In spite of this—during the year under review—15 cases of Typhoid fever and 45 cases of Diphtheria were admitted and treated.

The Public Health Act, sections 153 and following, places the responsibility of providing for such cases on the Municipal Bodies, but very little assistance has been rendered by these to your Committee in finding the funds to treat these cases.

There is no doubt that extra and isolated accommodation for the reception of infectious and contagious diseases is urgently needed.

Quite recently a case of Septicæmia was admitted at the imminent risk of a number of cases in the surgical ward contracting the disease, which is of a highly fatal character.

Your Committee considers that steps should be taken during the ensuing year to cause the Town and other Councils to combine in providing the necessary buildings, more especially, as if the work is undertaken, with the approval of the Board of Public Health in Melbourne, half the cost can be obtained from it out of the consolidated revenue.

Diphtheria, and other malignant diseases, should doubtless be isolated so as to prevent their propagation; but the whole cost should certainly not fall upon the subscribers to your Institution to the exemption of the general public.

BENEVOLENT ASYLUM.

As stated in the last Annual Report the number of beds was increased from 107 to 127. These are now all full, and still applicants have to be refused admission. The difficulty can only be overcome by the erection of new buildings for the accommodation of the increasing number of the destitute aged who must otherwise be sent to gaol for shelter.

But looking at the improbability of the Hospital site being changed, your Committee is still of opinion that a separation of the Benevolent Asylum from the Hospital is desirable, and would suggest that the Ladies' Benevolent Societies of Geelong be again approached with a view to bringing this to pass.

Re ADMISSION OF INFANTS IN ARMS.

Owing to the great tax upon the nursing staff, your Committee has decided that such cases no matter from what suffering can only be admitted provided that the mother remains in charge of the infant.

The Bye Law limits the age to 5 YEARS, and to admit infants means a large increase of the expense of nursing.

Re HOSPITAL SUNDAY.

The collections last year showed a falling off of £17 13s 11d which, although not unexpected, is to be deplored. It is hoped that in the coming October the amount will show an increase.

Owing to a mistake in the wording of a resolution passed at a meeting of the Hospital Sunday Committee held at the Town Hall last year it was decided that less 5 per cent. to the Homoeopathic Dispensary, the balance of the collections should go one-third to the Ladies' Benevolent Association, and the remaining two-thirds to the Geelong Hospital and Benevolent Asylum.

With regard to the town collection this was as usual but with regard to the COUNTRY collections it was a most unfair innovation, as the Ladies' Benevolent Association do not profess to provide any assistance for the residents of the country districts, whereas your Institution provides for such both in the Hospital and Benevolent Asylum.

Your Committee hopes that this mistake will be rectified when the subject of the division of the collections is dealt with prior to next Hospital Sunday.

COLLECTIONS IN STATE SCHOOLS.

This was inaugurated on Hospital Saturday in 1892, and although the amounts contributed have not been large owing to the depression which has prevailed through the Colony, they may be considered fairly satisfactory.

Moreover the children attending the schools having been trained to give towards the support of charitable institutions while they are young are more likely to recognise their responsibility to do so on reaching adult life.

This is a very important point gained, as at present only a very small percentage of the rate-payers seems to realise this.

ENTERTAINMENTS IN AID.

The proceeds of such have this year amounted to £114 0s 4d, being somewhat more than during the previous twelve months. A list of those held will be found in this Report.

On behalf of the subscribers your Committee thanks all those who have assisted in getting up Entertainments, &c., in aid of the funds of the Institution.

There is little doubt that much more might be done in the way of providing amusements for the public and at the same time having a substantial profit to hand over to local charities.

GIFTS IN KIND.

Your Committee is much obliged to all friends of the Institution who have from time to time kindly sent gifts in kind, and would be glad if such were largely increased.

Many persons who cannot really afford to give donations in money, can without missing it, give contributions of goods.

Such articles as firewood, fruit, vegetables, worn clothing, old linen, &c., will always be gratefully received.

REPORT OF MONTHLY VISITORS FOR THE YEAR.

JULY 12th, 1894.

Rev. J. Cowperthwaite and Mr. Jas. Munday reported that they had found everything in connection with the Institution to be most satisfactory. All that they had heard and seen was expressive of contentment and satisfaction in the highest degree.

AUGUST 9th, 1894.

The visitors for the past month, Messrs J. H. Connor and Chas. Shannon, who were not present, did not forward any report.

SEPTEMBER 13th, 1894.

The Rev. J. H. Toms and Mr. Higgins reported that their official visits to the institution disclosed the fact that everything was in a highly satisfactory state, and the inmates expressed themselves as grateful for the kindness of the doctor, superintendent and attendants.

OCTOBER 11th, 1894.

A report was read from the Rev. A. W. Webb and Dr. Small in regard to a visit to the Institution. In the inspection they found the Institution in perfect order. The visitors recommended the removal of a small brick building behind the fumigating chamber, and the construction of a galvanised iron shed in its place as a receptacle for rubbish, etc. The House Committee reported that the building had been removed that day. The report was adopted, and the Rev. Canon Goodman and Mr. J. H. Grey were appointed the visitors for the month of October.

IMPROVEMENTS TO THE HOSPITAL.

Dr. Small submitted a report from the Rev. A. W. Webb and himself, which made the following recommendations for improvements to the Hospital:—
1st.—That a new floor be laid in the Surgical Ward, as the existing one was ploughed and splintered. 2nd.—That an operating room detached from the main building be erected, the room to provide two Wards

for the reception of surgical cases. The doctor stated that the proposed site of the operating room was about 40 feet west of the present Accident Ward. It has been previously urged that a new Hospital built on modern principles should be erected, and if the idea had been carried out there would not have been a necessity for the report. At one time it appeared more than likely that a new Hospital would be erected, but the subject was as far off now as ever. The Committee had just recently furnished better accommodation for the patients in the Benevolent Asylum, and it was high time that the sick patients should be studied. An operating room was absolutely necessary, for although they had at present to make the best of the accommodation at their disposal, the medical staff were not at all pleased with it. Through the want of the necessary apartment, the staff were compelled to send serious cases of abdominal complaints to Melbourne, which was expensive, and also injurious to the patients so treated. The estimated cost of the operating room was £300 to £330, whilst the new flooring for the Surgical Ward would cost £28. With these improvements effected, the Hospital would be made tolerably complete, and he considered that both were urgent works. He moved the adoption of the report, and that the House Committee be authorised to call for tenders for the work referred to, and to carry them out in conjunction with the medical staff. Mr. Pride seconded the motion, and expressed an opinion to the effect that the idea of constructing an operating room was an excellent one. The Rev. J. Cowperthwaite stated that he was doubtful about the estimated cost of the work being a reliable one, and pointed out that the Institution was in want of funds. The Rev. J. H. Toms said that the Institution was in debt to the amount of £1250, and they were paying interest. After some further discussion, the motion was carried.

NOVEMBER, 15th, 1894.

The report of the visitors with regard to the management of the Institution was of a very gratifying character for the superintendent and his staff. The Rev. Canon Goodman reported that he had visited the Hospital several times during the month, and had been much struck by the increasing neatness observable

since the erection of the refectories. Indeed the management of the Institution had reached a point of excellence that they could scarcely expect to be improved upon. The President (the Hon. J. H. Grey), thoroughly agreed with the report. He had gone through the Institution, and it had never displayed such neatness and care as it did at that moment. They had reason to be proud of the Institution at the present time. (Hear, hear.)

DECEMBER 13th, 1894.

Mr. George Martin, who was one of the official visitors for the past month, reported that he had visited the Institution, and found everything in connection with the establishment faultlessly clean, and in a thoroughly satisfactory condition, the completeness of the whole, in his opinion, reflecting much credit upon Mr Alliot Hopkins, the superintendent, and his staff

Mr. H. Blomfield Brown, who was associated with the above-named gentleman as a visitor, endorsed all that had been said concerning the appearance of the Institution. He added that it was the first occasion upon which he had inspected the Hospital and Asylum, and he was pleased and surprised at what he saw.

JANUARY 10, 1895.

Messrs Coulston and Vines reported that they had visited the Institution during the past month, and they were much pleased with the order and cleanliness prevailing throughout every department. No one could find any fault, and the patients were unanimous in their praises of the way everything had been carried out during the festive season. The officers deserved every credit for the manner in which they had carried out the arrangements in connection with the Christmas dinner. The visitors would like to recommend that a few bamboo blinds be obtained for the verandah on the west side of the building. The bath in the No. 5 pantry could do with some alterations. The hot water pipe needed some repairs, which they trusted that the House Committee would attend to. The report was then received.

FEBRUARY 14th, 1895.

The Rev. A. Davidson and Mr. W. Bradley submitted favourable reports. The former reported that everything was found in good order, and thorough cleanliness and contentment amongst the patients prevailed. The new bath room in No. 5. Ward has been a great improvement. Mr. Bradley endorsed his colleague's remarks, and said that the satisfactory state of the Institution reflected great credit on the superintendent and medical officers.

MARCH 14th, 1895.

Mr. James Munday, who was, with the Hon. J. H. Connor, the official visitor for the past month, reported that he had made an inspection of the Institution. He found everything in good order and in a perfect state of cleanliness. The patients seemed to be comfortable and well cared for. They stated so, and he added that he had never seen the Institution in a better condition as far as the internal arrangements were concerned. The report was received.

APRIL 11th, 1895.

Mr Chas. Shannon reported that, with the Rev. J. Cowperthwaite, he had paid a visit to the Hospital, and found everything in admirable order, and all the patients well satisfied. A letter was read from the Rev. J. Cowperthwaite stating that he was unable to be present at the meeting and reporting the result of his visit to the Hospital, which was to the same effect as that stated by Mr. Shannon.

MAY 9th, 1895.

The Rev. J. H. Toms reported that, in conjunction with Dr Small he had visited the Institution, and found everything clean and orderly, the patients being grateful for the attention shown them. He made a few suggestions regarding minor repairs which were deemed necessary. The remarks were endorsed by Dr. Small.

JUNE 13th, 1895.

The Rev. Allan Webb, who, in company with Mr. Wm. Higgins, officially visited the Hospital during the past month, reported that they were highly gratified with the internal arrangements of the Institution.

Several improvements were observed, but one matter which had previously been referred to by other visitors and by the Inspector-General deserved earnest consideration. It was that the Wards throughout belaid with flooring similar to that which had been put down in the Accident Ward. It was pointed out the flooring in Wards numbered 2, 3, 4, 5, 6, 7 had been laid since the erection of the buildings, and the boards were now so much worn and rough, that sanitary conditions were impossible. The visitors further suggested that linoleum be substituted for cocoanut fibre matting in all the Wards. The Rev. Allan Webb thought that these matters might be referred to the House Committee. The President said that as they were all present, and it was generally admitted that the work was necessary, a decision could then be arrived at. It was stated that the work of re-flooring the Wards would cost £150. After discussing the report it was deemed advisable to authorise the House Committee to have the proposed improvements carried out, and a motion to that effect, submitted by the Rev. Allan Webb, and seconded by Mr. E. Coulson, was carried.

STAFF.

The Officers of the Institution remain the same as when the last Report was issued, and still retain the confidence of your Committee.

Dr. Kennedy, the Resident Surgeon, was, in April last, granted eight months' leave of absence to make a trip to Europe.

During his absence Dr. E. R. Sawrey, late Resident Surgeon at the Melbourne and Women's Hospital, was appointed as *locum tenens*, and has carried out the duties of the office to the satisfaction of your Committee.

In consideration of the special and successful efforts made by the Secretary (Mr. Alliot Hopkins) during the past year, resulting in the receipt of some £650, your Committee has recently voted him the sum of £25 in recognition of his energy on behalf of the Institution.

Unavoidable changes have taken place in the personnel of the Nursing and General Staff, but the vacancies have been filled by suitable persons, and your Committee is glad to be able to record its satisfaction with the work being done by the Staff as a whole.

HONORARY MEDICAL STAFF.

The Honorary Medical Staff still consists of Drs. Hope, Marwood, Newman and Small, who now retire, but are eligible for re-election.

On behalf of the Subscribers the thanks of the Committee are tendered to these gentlemen for the careful way in which they have always attended to the interests of the In-Patients and Out-Patients of the Hospital.

CHRISTMAS FESTIVITIES.

As for some years past so last Christmas high revel was held at the festive season by the inmates of the Benevolent Asylum and such patients from the Hospital as were sufficiently convalescent to take part in them.

The large Dining Hall was, through the kindness of His Worship the Mayor (Alderman H. F. Richardson), decorated with pot-plants and evergreens, and the numerous flags of all nations, lent by Messrs McGregor and Buchanan, assisted materially to heighten the effect.

Through the liberality of those who take an interest in the old pioneers adequate provision was able to be made for their creature comforts, which were thoroughly enjoyed.

The thanks of your Committee are hereby tendered to all who, by their thoughtfulness and practical sympathy, helped to make the Xmas. season a happy one at the Hospital for the patients and inmates.

VOTES OF THANKS.

To the Ladies' Flower Mission for its weekly visits and its gifts of flowers to each patient and inmate the thanks of the Subscribers are due for their unremitting endeavours to cheer the sick and the aged.

Entertainments have been given to the inmates of the Benevolent Asylum by the following:—

Mr. T. P. Littlewood.

Mrs Dancy and Party.

Employés at the Post Office.

Railway Serenaders.

Y.W.C.A. (Quarterly Concerts).

Geelong Juvenile Amateurs.

Carnival Minstrels.

Yarra Street Society of Christian Endeavour.

The Choirs of Christ Church, Ryrie Street Presbyterian Church, and Chilwell Wesleyan Church.

To all these individuals and societies the thanks of the Subscribers are due, and are hereby tendered by your Committee for their efforts to amuse the old people in the Institution.

Your Committee begs to thank the proprietors of the following papers, viz., "Argus," "Age," "Leader," "Geelong Advertiser," "Geelong Times," "Geelong Evening News," "Ballarat Star," and "Ballarat Courier," for the gratuitous supply of their papers which are much appreciated.

LIFE GOVERNORS AND LIFE SUBSCRIBERS.

The following, by reason of their liberality, have been appointed Life Governors and Life Subscribers during 1894-95, viz.:—

Mrs Aubrey Bowen, £450
Montague H. Smith, Esq., £50 } Life Governors.

And

Frank Austin, Esq., £25.
Mrs E. M. Harding, £20.

Also,

H. B. Hodges, Esq.
James Shannon, Esq.
W. R. Anderson, Esq.
H. W. Day, Esq. } Nominated by the Societies which they represent in virtue of donations by such Societies.

COMMITTEES.

Appended to this Report will be found a list showing that during the past year 13 meetings of the General Committee of Management, 50 meetings of the House Committee, and 12 of the Finance Committee were held.

Perusal of this table will show that the members of your Committee have been assiduous in carrying out the duties of their office, and the thanks of the Subscribers are due to them for having, at considerable cost of time to themselves, carried out the management of the Institution on behalf of the public.

FINAL.

The members of your Committee who have been longest in office, and therefore retire according to the provisions of the Act of Parliament regulating the Charities, are Rev. A. W. Webb (who lost his seat through non-attendance and was subsequently re-elected by your Committee), Messrs W. Pride and C. Shannon, Rev. Canon Goodman, Mr. J. Vines, and Mr. J. Nicol.

These gentlemen are all eligible for re-election.
