TO THE GOVERNORS AND SUBSCRIBERS.

LADIES AND GENTLEMEN,

The financial year 1895-96 came to an end on June 30th, and it is now our duty, as well as our pleasing task, to lay before you the following particulars of the year's work.

2740 cases have received relief, Full particulars are given in the following tables :—

The daily average in the House has been 165.1,

The average rate of mortality has been 9.9 per cent. for all cases, and 9 per cent. for Hospital In-door Patients.

The total number remaining in the House on the 30th June, 1896, was 171.

The Religious Denominations and Birth-places of those treated in the Institution during the year have been as follows:—

RELIGIOUS DENOMINATIONS.	BIRTH-PLACES.

INCOME AND EXPENDITURE.

The receipts for maintenance during the year were £5170 9s. 2d, including £100 donated by Mrs. Silas Harding, for the fittings of the newly erected Bowen Wards.

The total expenditure, under the heading of maintenance, was £5569 1s. Thus the year's income for this purpose falls short of the expenditure by £398 11s. 10d.

The expenditure, under the heading of building, was £2673 1s., and towards this outlay £2000 was transferred from the reserve fund.

The Bank Overdraft on 30th June, 1896, was £1601 3s. 2d., being an increase of £1071 12s. 10d. on the overdraft of June 30th, 1895. This is accounted for by the £673 1s. expended on building, and the £398 11s. 10d. shortage in the amount received for general maintenance. The shortage the previous year was £211 8s 7d.

The sum paid for interest on the Bank overdraft is far outweighed by the substantial improvements which have been made during the past year.

ENDOWMENT AND RESERVE FUND.

The amount to the credit of this fund has been, as already stated, decreased by £2000, and now stands at £4554 0s. 11d.

Through the death of Mrs. Thomson of Keilambete, a sum of £8000 to £10,000 will be received in the course of 1897 for special investment for Endowment purposes.

Daily average, 165·1 In-door Patients.

Annual average cost, £32 2s. 5d. per head.

This is 18s. 1d. per head more than the previous year, and is accounted for in the following two ways:—First, Whilst the Hospital was being re-floored, one of the wards, which would accommodate about 15 patients, had always to be kept out of use. Thus the daily average of In-Patients is about 15 less than it otherwise would have been; and the average cost per head is proportionately greater, as the expenses of administration during the same time could not be lessened. The second reason for the increased cost per head is, the rise in the price of bread and some other commodities.

CHARGE FOR DRUGS TO OUT-PATIENTS.

This is still continued and is not found to be oppressive. The charge is 6d. per time for *all* the medicines then supplied.

The amounts received in the four years since its inauguration are:—

The following tables will show that in 1892-93 out of every 100 persons, who attended, 56 paid for their medicine; in 1893-94; 52 out of every 100 paid; in 1894-95, 47 out of 100 paid; and in 1895-96, 49 out of every 100 paid.

The foregoing list speaks eloquently for itself, and proves that your Committee has been keenly alive to the necessity of bringing your Institution up to date, and making it worthy of the important town and district to which it belongs. It is generally admitted that it now compares favorably with any other similar establishment in the colony.

INSPECTOR OF CHARITIES' REPORT.

Mr. W. G. Brett visited on 2nd June, 1896, and expressed himself as being very pleased with the improvements effected since his previous visit.

The following are extracts from his Report to the Hon. the Treasurer of Victoria, viz. :—

“The improvements that have been carried out are all along the line, the internal as well as the external arrangements increased in efficiency and usefulness, which conduce to raise the Institution to a higher standard than it has hitherto attained.

The most important of these may be mentioned, namely, re-flooring wards, balconies, and repairs to portico, papering and painting, two extra nurses, 20 more beds for Benevolent Asylum inmates, steam boiler to replace the old one, cocoa nut matting replaced by linoleum.

The new operating room and wards attached to it, the out-patients department, nurses quarters, and laundry extensions are all in the right direction, and with other works too numerous to specify deserve recognition and favorable comment.

It is encouraging to find so marked an improvement in this important Institution and the efficiency of which will, I hope, be always well maintained."

NEW BUILDINGS.

During the year under review, a new building, on the most modern and scientific principles, has been erected, facing Ryrie Street, on the east block, for the reception and treatment of Out-Patients only. This was opened in April, 1896, and has been found to be a great improvement on the old system.

TRAINING SCHOOL FOR NURSES.

For some time past your Committee has been anxious to establish a Training School for Nurses.

Through the liberality of Mrs. Silas Harding, late of Geelong, but now of Toorak, who has generously promised £400 for its erection, it has been able to build a handsome "Home" to accommodate eight Trainees. This will shortly be ready for occupation, and thus the Nursing School be an established fact.

BENEVOLENT ASYLUM.

In spite of the number of beds being increased from 107 to 127, cases, *though urgent*, have constantly to be refused admission. Your Committee would point out to Subscribers that the beds once being filled, new cases must be refused pending vacancies occurring.

The Government Bill—so long promised—to amend the present Charities Act, may remedy the evils of the existing system.

REPORT OF MONTHLY VISITORS FOR THE YEAR.

JULY 11th, 1895.

Mr. Geo. Martin reported, that in conjunction with the President, he had inspected the Institution during the month, and they found the place in such a satisfactory and cleanly condition as to reflect credit on the officers and all concerned in the internal management of the Institution. The President endorsed the remarks of Mr. Martin. In discussing the report, it was mentioned that there was need for the present worn-out freestone steps at the entrance being replaced by blue stone, and the President intimated that it would be brought under the notice of the incoming Committee.

AUGUST 15th, 1895.

The Rev. Canon Goodman read a report referring to a visit to the Institution made by himself and Mr. Vines, and recommending a number of minor repairs and improvements. Reference was also made to the cleanliness and general satisfactory state of the Institution. They were much pleased with the new garden beds laid round the new operating Wards. The report was referred to the House Committee for consideration.

SEPTEMBER 12th, 1895.

Mr. Coulston reported that, with Mr. H. Blomfield Brown, he had visited the Institution since the previous meeting. They had made a thorough inspection of the whole place, and found everything very clean and in admirable order throughout. They had noticed that very great improvements had been effected in the floors of the wards and the balconies outside. All of the patients in the Hospital and Asylum had been spoken to, and not one of them had a word of complaint to make, and all of them appeared to be perfectly satisfied. It was very

rough and rainy weather when they visited the quarters of the patients in the Benevolent Wards, and the patients, who were outside, had every means provided them for enjoying themselves in the large shelter shed. With Mr. Brown, he regretted very much that in Geelong they had not greater accommodation for the old men and old women to quietly pass away their declining years. It was a great pity that many of the unfortunate aged people, who were repeatedly brought before the police court on charges of vagrancy, could not be given shelter in the Asylum instead of being sent to gaol merely on account of poverty and infirmity. He had almost daily experience of persons coming before the courts, who had no place to lay their heads nor meals to gratify their hunger, and who for no other reason had to be sent to gaol to herd with people, who had grown old and poor in a life of crime. It was about time that some action was taken to put an end to that cause of complaint, and he thought it might well be considered a matter worthy of the special attention of the Committee and all charitably disposed persons. It was due to the General Committee and the officers to say that the satisfactory state of affairs at the Geelong Hospital was in a great measure the result of their watchfulness. Mr. H. B. Brown, as one of the visitors, endorsed all that Mr. Coulston had said.

OCTOBER 10th, 1895.

Mr. Bradley reported that, in company with the Hon. J. H. Connor, he had inspected the Institution during last month, and found everything in a thoroughly satisfactory condition.

NOVEMBER 14th, 1895.

Mr. Jas. Munday reported that although he had visited the Institution during the past month, he had not been able to inspect the buildings, etc., in con-

junction with the Rev. A. Davidson, the other official visitor. However, from what he saw he was convinced that the laying down of the new floor was a great improvement, and the whole of the internal arrangements were found to be in satisfactory order.

DECEMBER 12th, 1895.

Dr. Small made a verbal report on his inspection of the Institution during the past month, and he spoke very distinctly of the satisfactory manner in which the internal arrangements were being carried out by the superintendent, the matron, and the other officials. He, however, pointed out that the corridors required renovating to harmonise with the other alterations that have of late been effected at the Institution. From the Rev. J. Cowperthwaite, the other visitor, a letter was also received similar to the statement made by Dr. Small, and it was decided to refer the question of repairs to the House Committee.

JANUARY 9th, 1896.

The Rev. A. W. Webb and Mr. Chas. Shannon, the official visitors for the past month, forwarded an entirely satisfactory report of their inspection. They, however, recommended that a verandah be erected on the west side of the Bowen operating theatre, to minimise the great heat experienced there in the summer. Dr. Small said that he did not think that there was any necessity for it, because the operating room was only occasionally used, and then for about an hour at a time. No action was taken.

MARCH 12th, 1896.

The President, one of the official visitors appointed for the previous month, expressed his regret that another engagement prevented his attendance at the preceeding meeting of the General Committee. When

he visited the premises he pointed out that the asphalt-
ing of the men's smoking shed was in need of repair,
and that had since been attended to. A useful im-
provement had been effected in the Nightingale Ward
for women, by the insertion of two windows on the west
side of the apartment, thus giving extra light, and of
course increased ventilation. He asked the Com-
mittee to sanction the expenditure of an additional sum
for the still further improvement of the buildings. He
suggested that the Nurses bedroom leading from No.
(11) Ward be altered by building up the present door;
and that a window be placed in the east end of the room,
and that the lavatory and sink at the present entrance be
abolished. The lavatory and sink could be more con-
veniently constructed in connection with the present bath-
room, and the cost for the whole of the alterations he was
given to understand would not exceed £60. The Presi-
dent also suggested that the battened footway between
No. 2 and No. 11 Wards should be taken away and re-
placed by asphalt. He moved that the House Committee
be directed to obtain tenders for the work when advertis-
ing for tenders in connection with the new laundry.
The motion was duly seconded and carried.

APRIL 9th, 1896.

The Rev. Canon Goodman reported that he had
visited the Institution during the past month in com-
pany with Mr. George Martin, and they found everything
in very creditable order, and the patients all expressed
themselves as thoroughly satisfied with their treatment.
The reverend gentleman suggested that an improve-
ment might be effected in the cooking appliances in the
kitchen, and the proposition was referred to the House
Committee for consideration. Mr. Geo. Martin en-
dorsed the remarks of the Rev. Canon Goodman.

MAY 14th, 1896.

Messrs. Joshua Vines and H. B. Brown, the visitors for last month reported that they had visited the Institution and found everything in capital order. They endeavored to find some fault or other, but were not successful in doing so. They suggested the advisability of the Committee taking into consideration the matter of erecting a substantial iron fence along the front of the Hospital. The President thought such was unnecessary, because the inmates, he felt sure, would not care about the whole of the grounds being open to inspection from the outside. The present fence was adequate for all purposes for years to come.

JUNE 11th, 1896.

Mr. W. W. Bradley reported having visited the Institution in company with Mr. J. J. Trait, and having made a thorough examination. They had no fault to find and no recommendations to make. This was considered highly satisfactory.

STAFF,

The officers of the Institution remain the same.

Dr. Kennedy returned from his English trip in January 1896, and relieved Dr. Sawrey, who had acted as *locum tenens* for him during his absence.

HONORARY MEDICAL STAFF.

This still consists of Drs. Hope, Marwood, Newman, and Small, who retire, but are eligible for re-election.

The thanks of the subscribers are due to these gentlemen for their care of both In and Out-Patients.

COLLECTOR.

On the resignation of Mr. J. W. Dwyer in August, 1895, Mr. W. H. Hudson was appointed, and has given satisfaction in the performance of his duties.

VOTES OF THANKS.
