The FORTY-FIFTH ANNUAL REPORT ^{July 1897} of the
General Committee of Management.

TO THE GOVERNORS AND SUBSCRIBERS.

LADIES AND GENTLEMEN.—

As those who have had the honor of being entrusted by you with the management of this large and growing Institution, we have now the pleasure of rendering you an account of our stewardship for the year which ended on the 30th June, 1897.

The number of cases relieved was 2816. Full particulars are given in the following tables:—

IN-DOOR PATIENTS.

	Males.	Females	Total.

OUT-DOOR PATIENTS.

Number	1984
Number of occasions on which they attended	7465

The daily average in the House has been 167·4.

The average rate of mortality has been 10·09 per cent. for all cases, and 9·06 per cent. for Hospital In-door Patients.

This is a very low death rate for a General Hospital, and in the absence of proper accommodation for the isolation of infectious and septic cases speaks volumes for the skill of the Medical Staff, and the general administration of the Institution.

The total number remaining in the House on the 30th June, 1897, was 193.

The Religious Denominations and Birth-places of those treated in the Institution during the year have been as follows:—

RELIGIOUS DENOMINATIONS.	BIRTH-PLACES.

INCOME AND EXPENDITURE.

The receipts for maintenance during the year were £5178 11s. 5d., and the total expenditure under this heading was £6174 2s. 9d. There was therefore the sum of £995 11s. 4d. required to make ends meet.

Under the heading of Building, £1348 5s. 3d. was paid, and towards this amount £500 was received from the late Mrs. Silas Harding.

The Bank Overdraft on 30th June, 1896, was £1601 3s. 2d., and when the present year ended on June 30th, 1897, this had been, owing to building operations and the deficit on the general maintenance account, increased to £3444 19s. 9d.

It was then determined by your Committee at its July Meeting to transfer the sum of £3000 from the Reserve Fund to the General Account, thereby reducing the Bank Overdraft to £444 19s. 9d.

As the improvements which were necessary to bring the Hospital up to date have now been almost entirely effected, it is hoped that in future the income will prove sufficient to meet the expenditure.

ENDOWMENT AND RESERVE FUND.

The amount to the credit of this Fund is, after transfer of the £3000 previously mentioned, £1554 11s.

As mentioned in the last Report, through the death of Mrs Jno. Thomson, of Keilambete, a sum of £8000 to £10000 will ultimately be received. Pending the sale of the property, the rents received are being divided *pro rata* amongst the beneficiaries under the will, and your Institution received as its proportion for the past year the sum of £213 10s. 5d.

Daily Average 167·4 In-door Patients.

Annual average cost, £35 4s. 2d. per head. This is £3 1s. 9d. per head more than last year, and is to be accounted for partly on the ground of increased cost of various commodities: *e.g.* bread has gone up from £192 7s. 6d. to £320 9s. 9d., and partly owing to the establishment of the Nurses' Training School which must cost the Institution at least £250 per annum.

In return for this latter item, the public eventually gain by being able to secure the services of Trained Nurses.

In connection with this it must be understood that had the Training School not been established, it would have been necessary, owing to the additional wards and facilities for treatment provided in your Institution, to have engaged extra Trained Nurses at the full rate of pay usually paid to such.

CHARGE FOR DRUGS TO OUT-PATIENTS.

Every care is taken not to render this oppressive, and all those who are too poor to pay are exempted.

The amounts received in the five years since the charge for medicine was first made are as follows:—

1892-93	£57	1	0
1893-94	65	9	0
1894-95	78	14	0
1895-96	76	13	0
1896-97	78	15	0.

The following table will show that in 1892-93, out of every 100 persons who attended, 56 paid for their medicine; in 1893-94, 52 out of every 100 paid; in 1894-95, 47 out of 100 paid; in 1895-96, 49 out of every 100 paid; and in 1896-97, 42 out of 100 paid.

INSPECTOR OF CHARITIES' REPORT.

Mr A. S. Bond, the acting Inspector of Charities, visited the Institution on 12th, 13th and 18th March, 1897, and his Report which we deem eminently satisfactory, does not make any suggestions for the improvement of your Hospital.

The following are extracts from his Report to the Hon. the Treasurer of Victoria, viz:—

"The management of both the Hospital and Benevolent Asylum appears to be excellent, and the Institution and grounds well looked after, and in thorough order; the operating room is the best I have seen in the colony.

I went over the whole of the buildings and grounds, and was much pleased with the evident care and forethought shown for both patients and inmates, and consider that the Committee and Officers are to be congratulated upon the efficiency of their Institution."

NEW BUILDINGS.

Referring to new buildings erected in the last two years, viz:—The "Bowen" Memorial Operating Room and Wards in July, 1895; the Out-Patients' Department and Dispensary, April, 1896; and the "Harding" Nurses' Home in July, 1896, attention is called to the views of them which will be found at the end of this report.

These buildings were erected from designs by, and under the supervision of, Messrs Tombs and Durran, architects of Geelong, and are found admirably suited for the purposes for which they were constructed.

The Inspector of Charities for Victoria in his report on his last visit to the Hospital described the operating room as the best he had seen in the colony.

IMPROVEMENTS.

Some improvements have been made during the year under review.

The Nurses' Cubicle in No. 2 Ward was removed, and thereby gave accommodation for another bed.

Outside the same Ward a platform was constructed on to which the convalescing patients are wheeled into the fresh air. This makes their recovery much more rapid.

Through the whole of the building a 1½-inch fire service has been laid on, and thus more adequate protection has been gained in the event of an outbreak of fire.

The lift from the laundry to the linen-room has been altered so that the laundresses may travel by it in addition to its carrying the clothes.

TRAINING SCHOOL FOR NURSES.

On July 15th, 1896, a new era was marked in the history of the Hospital by the starting of a training school for nurses and the opening of a home for their accommodation.

Your committee was prompted to take this step owing to the generous offer of the late Mrs Silas Harding to meet the cost of the necessary buildings. This amounted to £500, and was entirely defrayed by the deceased lady.

The first trainees admitted for three years' training were H. Arnold, V. Gullan, W. B. Norman, K. Anderson, N. Favarger, K. Mackenzie, and J. Robertson.

All these have up to the present time fully justified their selection, and bid fair to be a credit to your institution when their course of training is completed.

Although the training school is a source of expense to the funds of the Hospital, your committee is fully satisfied that the inauguration of it will be more than justified by the usefulness that it will ultimately achieve.

DEATH OF MRS SILAS HARDING.

In connection with the foregoing, your committee has most regretfully to record the death through a buggy accident in January, 1897, of Mrs Silas Harding, through whose liberality the "Harding" Nurses' Home was built. A marble tablet has been erected to her memory in the hall of the Institution.

INFECTIOUS WARD.

To mark the Diamond Jubilee of Her Gracious Majesty, Queen Victoria, a movement is on foot for the erection of an Infectious Ward in connection with your Hospital.

At the time of writing this, about £1000 has been received towards this project, but until it is known what sum will be eventually subscribed, it is impossible to say what buildings can or may be erected.

The community is, however, to be congratulated for having taken the matter up, as the one thing lacking in connection with your Hospital is proper accommodation for the isolation and treatment of Infectious Disease.

In the next Annual Report, we shall be able to lay before you full particulars as to the outcome of the present movement.

REPORT OF MONTHLY VISITORS FOR THE YEAR.

JULY 9th, 1896.

A letter was read from Mr. Jas. Munday, one of the visitors appointed at the previous meeting, stating that he had visited the Institution. He had made a thorough inspection of the buildings and grounds, and found that everything was in satisfactory order. There had not been any complaints made by the patients and inmates.

AUGUST 18th, 1896.

The Rev. A. Davidson and Dr. Small, the visitors for the past month, reported that they had made a thorough inspection of the Hospital and Benevolent Asylum. They found that the excellent internal management was fully maintained. Several of the patients voluntarily expressed their gratitude for the kindness that they had been treated to by the medical and nursing staff and the officers. None of them had any complaints to offer. It was suggested that the old men's smoking shed might be rendered more comfortable by the erection of extra timber to afford shelter in summer and winter. The report was received.

SEPTEMBER 18th, 1896.

A favourable report was made by the Rev. J. P. McCann in regard to his visits to the Institution during the past month in conjunction with Mr. Chas. Shannon.

OCTOBER 15th, 1896.

The visitors' report for the past month was a written one from the Rev. A. W. Webb and Mr. J. H. Grey, stating that they had visited the Institution since the previous meeting, and found everything in perfect order and thoroughly clean. They recommended that better drainage should be provided from the servants' bath-room, and they thought that the Diphtheria Ward, No 12B., should be better ventilated. Dr. Small spoke strongly in favour of dividing the ward, with the view of providing for a Septic Ward which was urgently needed in connection with the Hospital. The ward at present was a waste of space

and, at a small outlay of money, they could furnish the Institution with apartment for the treatment of septic diseases. Mr. Nicol stated that the House Committee had been considering the subject. With the expenditure of £100 they could provide for septic patients, and for the accommodation of at least 12 old women. The question was debated for a considerable time, and it was ultimately decided to refer the whole question to the House Committee for a report to the next meeting.

NOVEMBER 12th, 1896.

Messrs. E. L. Jullien and W. W. Bradley reported having visited and inspected the Institution since the previous meeting. They had found everything in thorough order, and no complaints were made, showing that all was satisfactory. They recommended that the two balconies should be painted. It was agreed to refer the recommendation to the House Committee.

DECEMBER 10th, 1896.

Mr. J. W. Sayer reported as having visited the Institution during the month in company with Mr. W. H. Higgins, and found everything in a most satisfactory state; he had no recommendations to make.

JANUARY 14th, 1897.

A report was read from the Rev. Canon Goodman, which stated that, with Mr. H. B. Brown, he had visited the Institution. They had found the place in thorough order, cleanly, and there was general contentment in every part. The patients and inmates were thoroughly well cared for, and there were no complaints. The pictures in one of the wards and the floral adornments were very pleasant additions. Mr. Brown endorsed the Rev. gentleman's report.

FEBRUARY 11th, 1897.

Mr. Vines stated that, with Mr. Faulkner, he had twice visited the Institution during the past month. They had found everything correct and in satisfactory order, although they thought that the framework of the typhoid fever patients' wards should be painted. Mr. Faulkner endorsed the report.

MARCH 11th, 1897.

The Hon. J. H. Connor and Mr. Trait reported that they had visited the Institution and found everything in a satisfactory condition. They complained, however, of the insanitary state of the drain opposite the Hospital, and thought that the Town Council's attention should be called to it.

APRIL 15th, 1897.

Dr. Small reported that, in the absence of the Rev. J. P. McCann, he had paid a visit to the Institution, and found it in its usual admirable state.

MAY 13th, 1897.

The Rev. A. Davidson, one of the visitors for the past month, reported that in his opinion the office of visitor had become a sinecure. There was nothing to be done. All of the wards presented a bright, clean, and cheerful appearance, and the nurses evidently spared themselves no trouble to render the lot of those under their charge as comfortable and as home-like as possible. The patients, too, all bore testimony to the kind and considerate treatment which they received. The report was adopted.

JUNE 10th, 1897.

A report was read from the Rev. A. Webb and Mr. Chas. Shannon regarding their visit to the Institution since the previous committee meeting. They stated that everything had been found in very good order, and they urged that an effort should be made to secure an improvement in the drainage in the front of the Hospital. After discussion it was decided that the Town Council should be written to with a request for prompt action to be taken to improve the drainage in Ryrie Street in front of the Hospital building.

STAFF.

With the exception of the Resident Surgeon the Officers of the Institution remain the same.

In February, 1897, Dr. Kennedy, who had held the position of Resident Surgeon since May, 1890, resigned the position to start private practice in Geelong, and Dr. Gavin McCallum, M.B., Ch.M., Glasgow, late of the Western Infirmary and Hospital for Sick Children, both in that city, was appointed in his place.

Since his appointment he has fully justified your Committee's selection.

HONORARY MEDICAL STAFF.

Dr. Hope resigned in February, 1897, to visit Europe, and Dr. Kennedy was appointed to the vacant position.

The other Honorary Medical Officers are Drs. Marwood, Newman and Small, with Dr. Croker as Consulting Surgeon.

Your thanks are due to these gentlemen for their attention to both In and Out-Patients during the year.

VOTES OF THANKS.

The Ladies' Flower Mission still continue to attend every week with flowers for the sick in the wards, and the thanks of the subscribers are hereby tendered to them for their labor of love; also to all those societies and individuals who have given or promoted Concerts or Entertainments for the amusement of the Patients and Inmates.

LIFE SUBSCRIBERS.

The following have been elected during 1896-97—

Dr. S. M. Smith, in virtue of £24 10s., received from the "Ringarooma" Minstrels.

J. H. Peebles, Esq., as Acting Executor of Jos. Tolson, Esq., (deceased).

C. E. Gates, Esq., as Acting Executor of Miss Charlot Crow, (deceased).

GENERAL COMMITTEE OF MANAGEMENT.

The Rev. J. P. McCann owing to his removal to Maryborough resigned in April, 1897, and Mr. J. J. Trait for business reasons in May, 1897.

These vacancies with four others, making the statutory six, will have to be filled at the forthcoming annual meeting.

AUDITORSHIP.

Mr Wm. Hitchins has resigned his position as Auditor, and Mr A. J. Young has been temporarily appointed in his place.

COMMITTEES.

From the accompanying tables it will be seen that during the past year 13 meetings of the General Committee of Management, 51 of the House Committee, and 12 of the Finance Committee have been held.

It should be noted, that the President, J. H. Grey, Esq., has not been absent from one meeting of the 13 held by the General Committee, and that Mr James Nicol, the Chairman of the House Committee has not only attended all these but has never failed to occupy the chair at each of the 51 meetings of his own Committee.

The thanks of the subscribers are due to these gentlemen and the other members of the Committee for the assiduous way in which they have looked after the interests of the Institution.

FINAL.

The members of your Committee who retire under the Act of Parliament regulating the Charities in addition to Rev. J. P. McCann and Mr J. J. Trait, previously mentioned, are:—Messrs W. Gardiner, and J. Munday, and the following two decided by lot, viz.:—Dr. Small and Mr E. Coulston.
