Daily average, 143 Indoor Patients.

Annual average cost per head, £36 1s. 6d. The daily average has been 20 less than last year, which has the effect of raising the cost per head, as the same staff has to be employed whether the Hospital is full or otherwise. Again it costs as much to light and warm a ward for a dozen patients as it would for thirty, so that it is apparent to all that a low daily average of patients means a high cost per head. The comforting satisfaction to know is that the whole district has been for some time remarkably healthy.

## Charge for Drugs to Out-Patients.

Those who are too poor to pay the small charge made are never pressed to do so, but careful enquiry is made in each case.

## Financial and General.

Owing to the absence of any epidemic diseases the daily average has been lower this year than for some time past, which necessarily makes the cost per patient appear higher. The price of provisions has also increased to an alarming degree through drought and other causes. Added to this is the greatly increased cost of modern surgery. This increased cost is, however, justified by results.

The surgeon of to-day boldly and successfully undertakes operations which twenty years ago would have been thought impossible, and consequently were not treated by surgery. Further, the importance of having every appliance absolutely sterile is in itself very costly, but very necessary.

No falling off has taken place in the private subscriptions, notwithstanding the heavy demands made upon public benevolence for patriotic and similar funds.

The smaller amount received from in-patients is accounted for by there having been fewer treated.

That there has been no relaxation of effort to get all patients to contribute what they can afford is evidenced by the fact that patients' moneys increased the revenue by £823, being only 12 % less than the private contributions and municipal grants put together. Lest it might appear that undue pressure is brought to bear to secure contributions from patients, it may be stated that in practically all cases the patient volunteers the amount of his or her contribution weekly when the necessity is explained to them, and they are not likely to promise more than they can afford.

It should be remarked that though not a children's hospital a large percentage of the patients, both in and out, treated at the Geelong Hospital, are children, and no child is ever refused treatment, mothers having at times been allowed to reside in the Hospital to be with and comfort their very young children. These facts should be borne in mind when appeals for monetary help are received from Metropolitan institutions, as the canvassing of the town and district by outside charities must in a great measure divert funds from our local Hospital.

## **Honorary Medical Staff.**

The Honorary Medical Staff consists of Drs. Newman, Marwood, Kennedy and McCallum, with Drs. Croker and Small as Honorary Consulting Surgeons. The first four now retire, but are eligible for re-election.

On behalf of the Subscribers the thanks of the Committee are tendered to these gentlemen for their kind attention to the patients during the year.

## **Renovating, &c.**

The Institution having now been built for 50 years, is feeling the effects of time, and is constantly in need of repairs and renovations. The cost of keeping such an old building in ordinary repair is very great, and should not be compared with more modern edifices. The hope is expressed that it will be possible in the future to rebuild the Hospital throughout, replacing it with a structure built on the most approved and up-to-date ideas. The only thing that prevents this is the want of money to carry it through. During the past year £308 has been expended in renovations and repairs, and an equal amount will have to be spent during the coming twelve months.

## ***Re* Municipal Grants.**

The smallness of the Grants made by the Municipal bodies was again drawn attention to by the Government Inspector in his report to the Premier, as compared with other districts.

With the possibility of further reductions in the near future in the Government Grant, it will be absolutely necessary to come to a proper understanding with the Councils if the present system of receiving their diphtheria and typhoid patients is to continue.

During a recent small epidemic of diphtheria the institution was put to great straits through admitting these patients, four of the nurses contracting the disease at the same time. The closing of the wards to these cases was seriously considered had the epidemic increased, which it fortunately did not.

An arrangement with each Council to pay so much per week for each case of contagious disease coming from their town or district would enable the Hospital Committee to engage special nurses when they were wanted. At present the finances will not admit of this being done.

The various Municipal authorities are earnestly requested to consider some such scheme as this, which obtains in nearly every other part of Victoria.

The Committee is anxious to do the best it can in the interests of the public, and only asks for a fair arrangement with the responsible bodies. At present the treatment of these cases unduly diminishes the funds which are provided for the use of surgical and medical wards.

### *Re* Legacies, Bequests, &c.

A small Endowment Fund has been started, and it is sincerely hoped by your Committee that it will continue to grow. With this object in view your Committee wishes to bring the urgent need of such a Fund prominently before those who are able and willing to help.

The memory of contributors is kept green by being recorded on tablets in porch, which will be read and pondered by generations long after the generous and kindly hearted donors have departed.

### Old Age Pensions.

This scheme of providing for the aged poor still continues. It is the opinion of your Committee that the majority of those in receipt of this form of relief would be better in every way if properly looked after in some well conducted Asylum. There is no gainsaying the fact that old people, when left to themselves, drift into bad health and die from neglected ailments, which if taken in time need not be fatal. Quite a number of those who were granted a pension when the Act first became law, have returned to the Hospital to die before their time. Others again have been re-admitted to the Benevolent Asylum, having lost their pensions through spending them in drink. The Act is now being administered with far more discretion, careful enquiries being made by the police in each case.

## Collections in State Schools.

A collection was again taken up during the year by the children of the town and district with very gratifying results, £81 17s. 4d. being received. The head teachers and the children assisting are gratefully thanked for their help.

It is hoped that this otherwise unobtainable source of revenue will continue to grow, as children make splendid collectors, and the pennies given by contributors are never missed. It is intended during the coming year to give a handsome ornamental card to those who collect 10/-, besides the certificate now issued to collectors of 5/-

## Inspector of Charities Report.

Mr. F. T. Short, Inspector of Charities, visited the Institution on 22nd November. The following are extracts from his Report to the Hon. the Treasurer of Victoria :—

There is an increase in the amount of Municipal Grant during last year. The rate for daily average is, however, only £1 12s. 4d. compared with the mean rate of £4 9s. 7d. The local contributions were very good, the rate for daily average being £19 15s. 3d. compared with the mean rate of £12 9s. 1d. The necessary declarations and particulars in support thereof in regard to the admission of patients were obtained in each case. I am pleased to be in a position to compliment the Committee on the great improvement that has taken place during the last few years. The Hospital is particularly well managed, and the building and grounds are in every way a credit to the management.

### Gifts in Kind.

The appeals in former Reports for gifts of fruit, vegetables, firewood, worn clothing, old linen, &c., have not, it is regretted, met with much response.

If the public realised how very acceptable such gifts are your Committee feels sure that the appeal would not have such poor results.

### Entertainments in Aid.

The thanks of the Committee are gratefully tendered to all those who have in any way assisted by organising entertainments.

Much more might be done, however, especially in the town, to help the Institution in this direction, and it is hoped that during the coming year many of the clever amateur vocalists and instrumentalists resident in our midst will use their gifts for the benefit of the Institution.

## ***Re Hospital Sunday.***

Your Committee gratefully recognises the support given to the Institution by Hospital Sunday contributors, and now tender their sincere thanks to the many Churches who, in response to the Committee's appeal, have sent the amounts direct to the Hospital. Forty-eight Churches last year acted thus, and your Committee confidently anticipate that in a short time the whole of the contributing Churches will do the same, and thus assist the Committee in making Hospital Sunday really what its name implies.

## **Visitors' Monthly Reports.**

Throughout the year monthly visits were carried out by each member of the General Committee in turn. They always made a careful and scrutinising inspection. Their reports were invariably of a very favourable character. Minor improvements and details were pointed out and acted upon. All inmates and patients have an opportunity given them of bringing any cause of complaint before the Committee. During the period under review no complaint of any importance was brought before the visitors.

## **Staff.**

Dr. Major resigned his position as junior resident Medical Officer and Dispenser in August, and Dr. T. A. McLean was appointed in his stead. Dr. R. G. McPhee, Senior Resident Medical Officer, resigned in September, and Dr. McLean was promoted to his position. Dr. P. M. Shackell was then given the post of Junior Resident Medical Officer, and Mr. N. Pardey was appointed as Non Resident Dispenser. In April Dr. Shackell resigned, and it was decided to revert to the old system of having only one resident Doctor, no appointment was therefore made to fill his place. This arrangement necessitated a slight re-arrangement of the duties, and the Hon. Medical Staff now take out-patients on Monday, Tuesday, Thursday and Friday in each week, the Resident Surgeon seeing them on Wednesday and Saturday, instead of every day in the week.

In April the Matron, Mrs. Denham, was taken ill, and was granted 3 months' sick leave; Sister Robertson being appointed temporarily as acting Matron.

## Life Subscribers Elected.

The following ladies and gentlemen have been elected Life Subscribers during the year in recognition of generous personal donations or for promoting successful entertainments:—

A. Tulloch, Life Subscriber, August.  
 Rev. W. S. Worth, Life Governor.  
 W. Middleton, Governor, 1 year.  
 A. Miller, Life Governor.  
 Miss Davidson, Life Subscriber.  
 A. Evans, Life Subscriber.  
 E. M. Jones, Life Subscriber.

## Special Gifts.

The Executors of the Edward Wilson Charitable Fund (*Argus*) are specially thanked for their generous donations during the last two years. To Mrs. Wiltshire the grateful thanks of the Committee are also tendered for her handsome gift of £100. Captain J. P. Chirnside and A. Miller, Esq, are also specially thanked for their munificent donations of £20 and £50 respectively; and the Annual Movable Committee of the M.U.I.O.O.F., Victoria, for a grant of £25.

## Votes of Thanks.

The thanks of the Committee and Subscribers are hereby tendered to the Ladies' Flower Mission for supplying cut flowers weekly throughout the year, and to all those societies and individuals who have given or promoted Concerts or Entertainments in aid or for the amusement of patients and inmates, or who have in any way assisted the Institution. To the press the

thanks of the Committee are also conveyed for its courtesy at all times, and for advocating the requirements of the Institution financially ; also the proprietors of the following papers, viz.—Australasian, Argus, Age, Leader, Geelong Advertiser, Geelong Times, Ballarat Star, Ballarat Courier, and Advocate, for the gratuitous supply of their papers, which are much appreciated.

## **Xmas. Dinner.**

The Patients and Inmates sat down to their usual feast on Christmas Day. Everything that they could wish for was provided. The donors of the repast are gratefully thanked for their splendid generosity. A list of the givers is printed further on in the Report.

## **Obituary.**

With great regret we have to record the death of the Rev. Allan W. Webb, a member of the General Committee, who for many years took an active interest in the welfare of the Institution.

## **Board of Management.**

In May last the lamented death of the Rev. Allan W. Webb caused a vacancy on the Board, and subsequently the Rev. T. Vigis was elected by the Managers to fill the same. The Rev. S. Knight resigned his seat in April, and the Rev. W. Williams was also elected to fill his place. Mr. J. H. Peebles lost his seat through non attendance in October, but was re-elected. In accordance with the Bye-Laws these gentlemen now retire, but are all eligible for re-election.

## **Conclusion.**

The Committee desires to again thank all those who have helped the Institution financially or otherwise, and thus enabled them to record a successful year's work. Owing to causes previously alluded to, the Committee has had to contend with many difficulties, notwithstanding which the Institution has for the fourth consecutive year been kept free from debt.

In accordance with the Rules, the following gentlemen, viz., Messrs. Williams, Vigis, Peebles, Small, Brown, and Gardiner retire, their term of office having expired, but they are all eligible for re-election, and offer themselves accordingly.

Your Committee desire to express their appreciation of the manner the Officers and Staff of the Institution have performed their several duties, and note with much satisfaction the energy and attention of the Secretary and Superintendent.

In conclusion the Committee hopes that in the future the public will still continue to give a generous support to an Institution which aims to help the sick and suffering poor, and to provide a home for those who have been stranded in the storm and stress of life's battles.
